Congratulations!

On behalf of the citizens of the State of Arizona, I wish to add my heart felt congratulations to the Boy Scouts of America on the occasion of their 100th anniversary.

The Boy Scouts of America touch the lives of our youth in a very positive manner. I applaud your commitment to serving the community, and helping today's young men develop strong morals that last a lifetime. The Scouting experience helps create good citizens and future leaders for our great state and nation.

Once again, congratulations, and I wish to thank each and every one of you for your exceptional commitment to your community and for making a difference in so many lives.

Sincerely,

Janice K. Brewer
Governor
