

GOVERNOR ARNOLD SCHWARZENEGGER

January 2010

*Boy Scouts of America*

It is a pleasure to congratulate you on your centennial.

I applaud your many contributions to our communities and our youth. Your organization has played a major role in the development of America's cultural landscape, and scouting instills in our young people the importance of service and develops a strong character. Your dedication since 1910 has benefitted generations of leaders by teaching them to always be prepared and to strive to be their best physically, mentally and morally.

Because of your outstanding efforts, millions of young people have built brighter futures here in California and beyond. I thank you and the countless scouts, volunteers and families who have given much to our great state and nation.

On behalf of all Californians, I send my gratitude for your service to our country and my best wishes for another century of great success.

Sincerely,
