

COMMONWEALTH OF PENNSYLVANIA
OFFICE OF THE GOVERNOR
HARRISBURG

THE GOVERNOR

GREETINGS:

It gives me great pleasure to congratulate the Boy Scouts of America on the occasion of their 100th Anniversary.

The Boy Scouts of America have always upheld the highest standards of our nation and Commonwealth and dutifully carry their traditions, values, and ideals. This organization has prepared generations of boys and young men to become active and responsible citizens and has instilled in them the value of serving their community and their country.

For 100 years, thousands of Boy Scouts have reached and far surpassed the pinnacles of citizenship. They have become experts in the skills of life, developed resourcefulness, built strength and confidence in themselves, and cultivated unity, respect, and pride in their communities. You have instilled your scouts to uphold the Boy Scout's commitment "to help other people at all times" and your members have become a source of inspiration to others.

On behalf of all Pennsylvanians, I congratulate the Boy Scouts of America on a successful 100 years, and wish much success in the coming 100.

Edward G. Rendell

EDWARD G. RENDELL
Governor
