Expand Your Scouting Community's Ability to Deliver Quality Fishing Programs!

This conference designed to provide you the tools and ideas for delivering successful CAI Training courses. By running quality CAI Courses, you will develop new CAIs and ignite their desire for introducing Scouts to the wonderful world of fishing. Boy's Life recent survey found that Scouts chose fishing as the fourth most preferred outdoor activity, yet only 35% go fishing within Scouting. By preparing others to become a CAI and in turn a Fishing Advocate for their unit, district and council they will then be able to teach Scouters to utilize fishing as a good tool for Recruitment, Retention and Reactivation. Most important will be that hundreds of Scouts will then be able to enjoy Fishing as a lifetime activity. Share your passion for fishing by developing future CAIs.

Conference Highlights

1. Become recognized as a BSA CAI Course Director.
2. Learn how to schedule and staff a CAI training Course.
3. Promote your course via social media, BSA and your local council.
4. Receive a Course Directors Guide, resources & much more.
5. Enjoy one-guided fishing trip with Sea Base Captains.

Fishing is a Favorite Outdoor Activity for Scouts

Fishing with Scouts is an outdoor activity providing Scouts with fun, skills development, family participation and strongly supports sound conservation awareness. Fishing receives very little support by most councils yet has great opportunity with minimal investment. Most camps offer marginal fishing programs and poor instruction. Run a CAI Course in your council and develop a cadre of CAIs to help you make fishing a priority within your scouting world.

Who should attend?

The CAI Directors Conference is for Scouters (volunteer & professional) who have completed a CAI course and have ideally staffed at least one successful CAI course. If you wish to be at the Sea Base in February and want to learn how to put on a CAI course this is for you.
