Established in 1993, the Florida Sea Base Conference and Retreat Center is a premier location for planning conferences, training courses, and group retreats. With two locations in the Florida Keys, this is an ideal location to get away from it all. Both facilities offer a wide array of meeting spaces, housing options, and room configurations. We boast a full complement of multimedia visual aids and wireless internet. In addition, all of your meals are prepared in-house by our resident chef.

We are blessed with some of the most beautiful scenery in the world. During your stay, it is important to take advantage of the amenities you have just outside your door. Through the conference director, you can book sunset cruises, snorkeling trips, island tours, and many other outdoor adventures. You may also choose to hold a few of your meetings outside. We can customize your conference any way you like.
