

High Adventure Registration: 2023 Programs

Submitting a High Adventure Reservation

Registering for a life-changing High Adventure Base expedition is an exciting and sometimes competitive experience. In order to ensure the best possible experience on registration day we've prepared a checklist for the reservation contact who will be placing the High Adventure reservation.

- At least ONE week prior to registration day login to your my.scouting account and verify the following.
 - I know my [my.scouting](https://my.scouting.org) username and password.
 - I've logged into my.scouting and verified that the following information is both correct and up-to-date.
 - My Scouting Member ID
 - My email address
 - My home address
 - My phone number
- To update my my.scouting profile information:
 - Visit www.my.scouting.org
 - Login
 - Click on the profile icon in the upper right corner
 - Click on "My Profile"

- Click on the piece of information that you want to update:

- I understand that registrations are finalized immediately when they are received and that knowing my my.scouting username and password on registration day will best set me up for success!
- I have carefully reviewed program and date offerings that my group is most interested in and I have prioritized my unit's **several top** options so that if one of my options happens to fill up I'll be ready to select an alternative option.
 - *This tip is provided so the registering leader is prepared if their unit's first choice is not available. Do not reserve adventures unless you intend to keep them!*
- How many adults and how many youth will be in my reservation(s).
- I understand that once I've selected my group's desired session, I will have 10 minutes to complete my payment information and finalize my reservation. If I don't have my payment information ready, and my 10 minutes expires, I will be directed back to the session page to make a new session selection.
- I can register multiple crews for the same program and date in a single reservation but if I want to have crews arriving on multiple dates or participating in multiple programs, then I will need to create multiple reservations.
